

ULTRA PACK SERIES COMPLETE COMPRESSOR PACKAGES

ULTRA PACK FULLY PACKAGED AIR COMPRESSORS

Ultra Pack ML and CA Series compressors are conveniently packaged with the following equipment:

15-30 HP

- Air Cooled After Cooler – Reduces up to 70% of moisture in the air stream.
- Magnetic Motor Starter – Factory installed, Nema 1.
- Low Oil Level Switch – Automatically turns compressor off due to a low oil condition.
- Dual Control – Constant run mode or auto start stop mode.
- Vibration Pads – For tank isolation.
- Automatic Tank Drain – Discharges excess moisture from the receiver tank automatically.
- Simplex and Duplex Tank Mounted – To meet any application.

5-10 HP

NTF Series Fully Packaged Nitrogen Tire Fill Stations

CURTIS portable and a stationary dry nitrogen tire inflation systems include CFM ranges designed for automotive applications, light truck or heavy utility vehicles. Our NTF Series is built to deliver DRY nitrogen as a much safer alternative for tire inflation. Give your customers the nitrogen advantage –

- Nitrogen maintains tire pressure better. Nitrogen keeps tires 20% cooler.
- Nitrogen-filled tires use less fuel. Nitrogen prolongs the life of your tires.
- Tests have shown nitrogen to **reduce tire failures by as much as 80%**.
- Nitrogen improves handling and performance.

- **5 Year Limited Warranty**
- **Factory Oil Filled**

Specifications for the NTF Ultra Pack Series include:

- State-of-the-art high efficiency membrane technology
- High efficiency coalescing and activated carbon filtration package with differential pressure gauge and automatic condensate drain
- All components necessary for fully automatic operation pre-piped and wired
- Entire package powder coated for appearance and durability
- Fabricated steel base

Easy Choice. Ready to Ship.
